Hi Noel,

Can you take care of this? Please do not remove any additional trees. Thanks!

Subject: Chamberlain Conservation Easement clean up

Dear Camille,

Highlands Resident, Henry Jung, at 2161 Bunker Hill Dr., has contacted me, regarding trees that have fallen onto his property from the adjoining property that is the Chamberlain Highlands Estates, in the conservation easement.

One of the broken tree branches is approximately 40 feet long and resting on Mr. Jung's fence, it took out other trees as it fell. Residents are concerned about the fire hazard of the dead brush, and want it cleared quickly. Photos attached.

Who is the responsible party for the clean up? Please provide the contact information.

Thank you for your assistance,
Liesje Nicolas
