Hi Noel,

Can you give me a call? I'll be in the office until 12:30 today, but working from home afterwards (cell: 650-248-4148). If tomorrow works better, we can talk then just give me a time when you are free.

Thank you

Hi Jack and Noel,

Sorry, I thought Steve was getting back to you all today, his email says next week. He won't be able to meet with you today.

I spoke with him regarding your willingness to move the house for Lot 11 further away from the drainage and re-recording the easement/subdivision map. He is supportive of this.

More information to come next week.

Thanks!

Hi Noel,

I think we are close to being able to issue the required pre-construction notice, but we're not quite there yet. I hope to have an answer for you before the end of next week.

Steve

Hi Steve,

Looks like Camille and Dianna are signing on the permit card for at least 9 & 11. Are we good to go to construction or are we still waiting on EIR issues?

Please let me know where we are at as I need to start scheduling the job if we are a go.

Thanks,
Noel
