Hi Camille,

I will have my guys out there tomorrow morning. To take care of it. I will meet them up there and make sure there we get it all buttoned up.

Hope you had a great holiday!

Thanks,

Hi Noel and Bob,

Happy New Year!

For Jessie's reports, Lots 9 and 10 sound fairly well stabilized, with the exception of an improperly installed silt fence. It sounds like its taken a couple weeks to complete this relatively simple task of burying the bottom of a silt fence.

When can your crew complete this task? It will need to occur before Thursday, when rain is forecasted. If this cannot be completed by Thursday, we will need to escalate enforcement.

Please reply with a timeframe for when this can be completed 😊 Thank you
