Hi Bob,

Thank you for addressing the items we discussed last week onsite! As we discussed over the phone this morning, please address the following items this week while Ernesto is onsite.

Lots 9/10

- Please re-install the tree protection fencing around the oak tree on Lot 10, that was potentially going to be removed. We need to protect this tree moving forward to ensure that it stays healthy and in compliance with the tree protection plan.
- Please continue to sweep the street daily in compliance with AQ-1. There was some track out visible on Cobblehill yesterday.

Lot 11

- Please continue to sweep the street daily in compliance with AQ-1. There was quite a bit of gravel from the delivery trucks visible on Cowpens yesterday.

Thanks so much!
