Good Morning Bob,

I apologize for the delayed email this week. I conducted my weekly site inspection at Highland Estates on Thursday morning, and I'm sorry I missed you onsite!

Overall, I was very impressed with the repairs to BMPs and erosion following our intense rain storm last weekend. Thank you for jumping right on that, and for staying in touch with me over the week.

Lots 9/10 look great, and I did not see any additional repairs needed. However, on Lot 11 the silt fence on the right hand side of the property is still in need of repair. Please ensure this repair occurs early next week with additional rains in the forecast.

Thanks so much!
