Dear Ms. Leung,

Since tree quantities are specifically cited in the Cal e mod table in the EIR Addendum, and form a partial basis for same, **I'm looking for the Tree Survey cited as the source for the tree-related minor modification referenced in your email of 8/24/16, and any all tree surveys related to lots 5-8 since then.**

Kindly consider this a time-sensitive request given the limited time allotted for public comment and ongoing difficulty in finding several related documents.

Very truly yours,
Dave

Camille and Team

I'm out of the state for all of next week. I will search for the file upon returning. What is the project address please.

Ralph

Hi Dave,

A Hard Copy Tree Survey was provided to me by Ralph Osterling, Project forester. While I know it is scanned somewhere and loaded onto the website, in the interest of time, I'm copying Ralph to see if he has an electronic version.

Thanks
