To Coastside Design Review Officer;

My husband and I are homeowners and have lived in El Granada since 2001. I am writing in regards to the home at 600 El Granada Blvd, El Granada (agenda item #2). It is my opinion that the house is perfectly in keeping with the other homes and the surrounding landscape. It seems appropriately sized (it is actually smaller than many of the nearby houses). It is built with quality, attractive materials that blend seamlessly with the surrounding environment. The design, materials and construction of the house have produced an aesthetically unified whole that adds energy while maintaining the character of the neighborhood.

I urge you to approve the minor design modifications that have been made.
